Refresh Your Room

IN UNDER
4 HOURS

Without **Breaking the Wall** or **Cutting Pipes**

Before
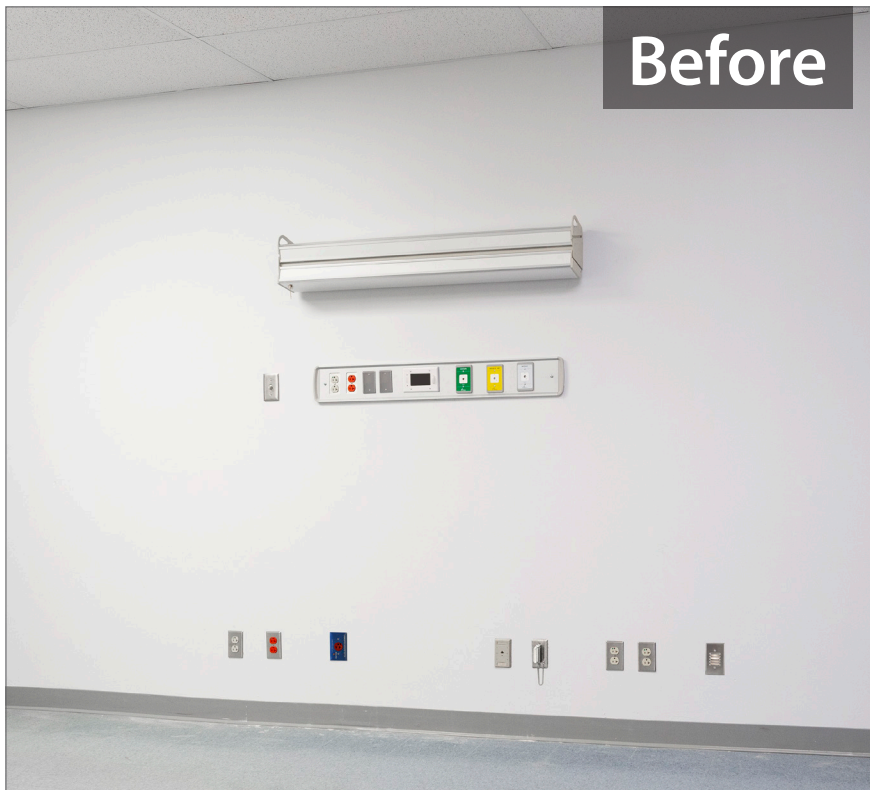

The **NuLook Refresh** Process

9:00 am

Original Hospital Room

We test the performance of your current system.

9:30 am

Remove All Existing Fixtures

Without breaking into the wall or cutting pipes.

11:00 am

Hang the Prefabricated Frame

The NuLook frame and adapters are then installed, retrofitting, and relocating your existing outlets.

1:00 pm

Attach Panels and Complete Your NuLook Room

The entire process took less than 4 hours!

NuLook for
Any Condition

INSTALL OVER EXISTING CONSOLES

Increase your room's functionality by installing over top of existing gas console boxes while recessing the bed location to maximize bed clearance. Integrate recessed equipment rails for better equipment management.

After

Before

RETROFIT UNSERVICEABLE HEADWALLS

Replace headwalls made by past manufacturers who no longer provide parts or service. NuLook allows you to bring unserviceable headwalls back into operation in live areas, all without construction or recertifying.

After

NuLook for
Every Need

BE UNIQUE, CUSTOMIZE YOUR DESIGN

Transform your LDR with our custom design capabilities, regardless of the existing conditions. Custom graphics, lighting, and layout allows you to make your rooms truly unique without exceeding your budget.

Before

After

UPGRADE YOUR ROOM AND DESIGN

Increase electrical circuitry and create a home-like environment. Maximize patient and nurse comfort with graphic panels and integrated bedside cabinets.

After

NuLook for
Every Acuity

INCREASE PATIENT AND NURSE SATISFACTION

With NuLook anything is possible; conceal gases behind sliding panels. Installs in any existing condition, increasing your patient and nurse satisfaction, while avoiding the time and cost of a traditional gut and renovation.

Before

After
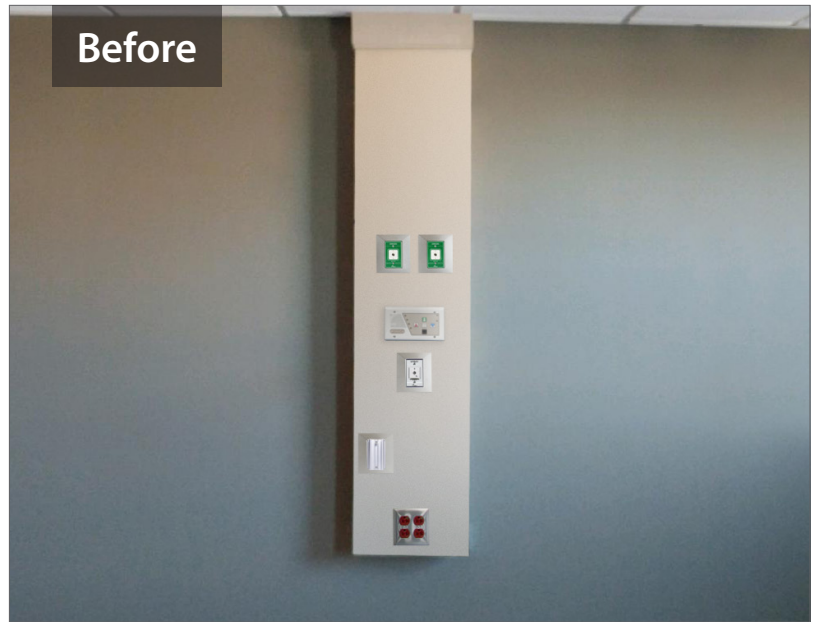

CONVERT EXISTING SEMI-PRIVATE ROOMS INTO PRIVATE

The system has been designed to install in any condition. We floor mount our unit when working with pre-existing plaster walls in order to provide greater structural support. NuLook gives you the flexibility to convert your rooms from semi-private into private.

After

NuLook for
Every Budget

UPGRADE WITH LESS DOWNTIME

Improve infection control, usability, and aesthetics in your existing OB suites. NuLook's fully integral design process allows us to achieve your goals without the need to recertify.

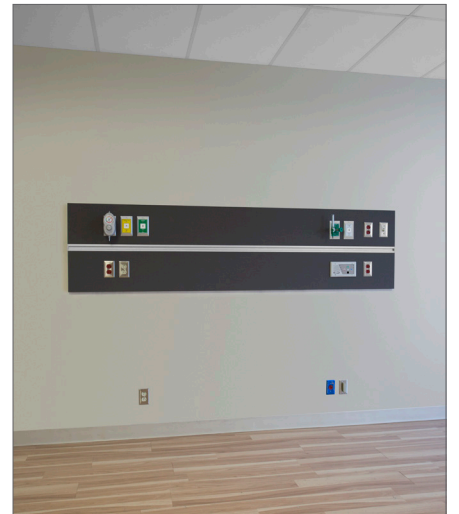

Before

After

Before

LIMITLESS DESIGN CAPABILITIES

NuLook comes in all shapes and sizes. Update your outlets, increase infection control, and stay within your budget.

After

The **Possibilities** are **Endless**

NuLook
Solutions

Bringing Non-Disruptive Change to Your Facility

Refresh

Construction-free headwall system that installs without the need to recertify, allowing for non-disruptive change to your existing facility.

Casework

Future adaptable and demountable casework prefabricated with industry leading durability, warranty, and flexibility.

FlexWall

Acuity-adaptable prefabricated headwall system that allows for future flexibility, while simplifying the healthcare construction process.

Skeleton

Prefabricated stud-frame system engineered to streamline the conventional headwall construction process.

Amico Horizontal Adapter

ATA-8-32

Amico horizontal track adapter compatible with Amico and Modular horizontal rail system. Features (4) 8-32 threaded holes 1/2" apart for use on custom accessories applications.

Part#

ATA-8-32

Consult with manufacturer for maximum weight limit.

Amico Horizontal Socket Adapter

ATA-05

Amico horizontal track adapter compatible with Amico and Modular horizontal rail system. Features 1/2" socket for use with custom accessories.

Part#

ATA-05

Consult with manufacturer for maximum weight limit.

Amico Vertical Adapter

VTA-8-32

Amico vertical track adapter compatible with Amico and Modular vertical rail system. Features (2) 8-32 threaded holes 1/2" apart for use on custom accessories applications.

Part#

VTA-8-32

Consult with manufacturer for maximum weight limit.

Amico Vertical Socket Adapter

VTA-05

Amico vertical track adapter compatible with Amico and Modular vertical rail system. Features 1/2" socket for use with custom accessories.

Part#

VTA-05

Consult with manufacturer for maximum weight limit.

Fairfield Adapter

FTA-8-32

Amico Fairfield compatible adapter. Features (2) 8-32 threaded holes 1/2" apart for use on custom accessories applications.

Part#

FTA-8-32

Consult with manufacturer for maximum weight limit.

Fairfield Socket Adapter

FTA-05

Amico Fairfield compatible adapter with set screw lock down. Features 1/2" socket for use with custom accessories.

Part#

FTA-05

Consult with manufacturer for maximum weight limit.

Euro Track (DIN) 25mm Adapter

ETA-25-8-32

Amico DIN track adapter used with 10mm x 25mm European (DIN) rails with push button release mechanism. Features (2) 8-32 threaded holes 1/2" apart for use on custom accessories applications.

Part#

ETA-25-8-32

Consult with manufacturer for maximum weight limit.

Euro Track (DIN) 25mm Socket Adapter

ETA-25-05

Amico DIN track adapter used with 10mm x 25mm European (DIN) rails with push button release mechanism. Features 1/2" socket for use with custom accessories.

Part#

ETA-25-05

Consult with manufacturer for maximum weight limit.

MRS Vertical Monitor Channel Adapter

MHT-8-32

Amico monitor channel adapter which is compatible with horizontally or vertically mounted monitor channel. Features (2) 8-32 threaded holes 1/2" apart for use on custom accessories applications.

Part#

MHT-8-32

Consult with manufacturer for maximum weight limit.

MRS Vertical Monitor Channel Socket Adapter

MHT-05

Amico monitor channel adapter which is compatible with horizontally or vertically mounted monitor channel. Features 1/2" socket for use with custom accessories.

Part#

MHT-05

Consult with manufacturer for maximum weight limit.

Hill-Rom Vertical Adapter

GTA-8-32

Amico track adapter compatible with Hill-Rom vertical rail system. Features (2) 8-32 threaded holes 1/2" apart for use on custom accessories applications.

Part#

GTA-8-32

Consult with manufacturer for maximum weight limit.

Hill-Rom Vertical Socket Adapter

GTA-05

Amico track adapter compatible with Hill-Rom vertical rail system. Features 1/2" socket for use with custom accessories.

Part#

GTA-05

Consult with manufacturer for maximum weight limit.

HSI Vertical Rail Adapter

STA-8-32

Amico vertical track adapter compatible with HSI vertical rail system. Features (2) 8-32 threaded holes 1/2" apart for use on custom accessories applications.

Part#

* STA-8-32

* Long lead time product.
Consult with manufacturer for maximum weight limit.

HSI Vertical Rail Socket Adapter

STA-05

Amico vertical track adapter compatible with HSI vertical rail system. Features 1/2" socket for use with custom accessories.

Part#

* STA-05

* Long lead time product.
Consult with manufacturer for maximum weight limit.

Ohmeda Dovetail Adapter

OHM-8-32

Amico dovetail adapter compatible with Datex-Ohmeda/GE dovetail rail systems. Features (2) 8-32 threaded holes 1/2" apart for use on custom accessories applications.

Part#

OHM-8-32

Consult with manufacturer for maximum weight limit.

Ohmeda Dovetail Socket Adapter

OHM-05

Amico dovetail adapter compatible with Datex-Ohmeda/GE dovetail rail systems. Features 1/2" socket for use with custom accessories.

Part#

OHM-05

Consult with manufacturer for maximum weight limit.

Direct Wall Adapter

DWA-8-32

Amico direct wall adapter used for mounting directly to wall, or into an Amico vacuum bottle slide. Features (2) 8-32 threaded holes 1/2" apart for use on custom accessories applications and (2) 0.156 TYP holes 3.28" apart for direct wall mount.

Part#

* DWA-8-32

* Long lead time product.
Consult with manufacturer for maximum weight limit.

Direct Wall Socket Adapter

DWA-05

Amico direct wall adapter used for mounting directly to wall, or into an Amico vacuum bottle slide. Features 1/2" socket for use with custom accessories and (2) 0.156 TYP holes 3.28" apart for direct wall mount.

Part#

* DWA-05

* Long lead time product.
Consult with manufacturer for maximum weight limit.

Adjustable Pole Clamp

PC1-8-32

Amico adjustable C-clamp, compatible with poles at 0.5"(1.27cm) diameter to 1.5" (3.8cm). Features (4) 8-32 threaded holes 1/2" apart for use on custom accessories applications.

Part#

* PC1-8-32

* Long lead time product.
Consult with manufacturer for maximum weight limit.

C Clamp for 1.25" Post

PC-125-8-32

Amico 1.25" C-clamp, compatible with poles at 1.25"(3.18cm) diameter. Features (4) 8-32 threaded holes 1/2" apart for use on custom accessories applications.

Part#

PC-125-8-32

Consult with manufacturer for maximum weight limit.

C Clamp for 1.5" Post

PC-150-8-32

Amico 1.5" C-clamp, compatible with poles at 1.5"(3.81cm) diameter. Features (4) 8-32 threaded holes 1/2" apart for use on custom accessories applications.

Part#

* PC-150-8-32

* Long lead time product.
Consult with manufacturer for maximum weight limit.

C Clamp for 2" Post

PC-2-8-32

Amico 2" C-clamp, compatible with poles at 2"(5.08cm) diameter. Features (4) 8-32 threaded holes 1/2" apart for use on custom accessories applications.

Part#

* PC-2-8-32

* Long lead time product.
Consult with manufacturer for maximum weight limit.

Amico Horizontal Rail System

Replace (X) with length by inch
Shipped fully assembled
with end caps

ARS-(XXX)

Designed with negative profile allows for ease of maintenance and infection control available in a wide variety of lengths. Sold by foot length.

Part#	Part#
ARS-012	ARS-072
ARS-024	ARS-084
ARS-036	ARS-096
ARS-048	ARS-108
ARS-060	ARS-120

Max. load: 15 lb. ft. with typical mounting arrangement (2x 1/4" TEK fastener through the ARS/LRS/FRS bracket into gauge 16 steel backing every 16". The weight limit applies between every 3 studs used (i.e. 3 stud gap before another load can be applied on the rail).

Fasteners required to mount to wall are not provided.

Extra shipping charges apply to rail system over 72" as special carrier is required.

Light Duty Fairfield Rail System

Replace (X) with length by inch
Shipped fully assembled
with end caps

LRS-(XXX)

Simple, functional and economical solution designed with a slim profile ideal for adding to existing equipment to match variable needs within the patient care environment. Sold by foot length.

Part#	Part#
LRS-012	LRS-072
LRS-024	LRS-084
LRS-036	LRS-096
LRS-048	LRS-108
LRS-060	LRS-120

Max. load: 15 lb. ft. with typical mounting arrangement (2x 1/4" TEK fastener through the ARS/LRS/FRS bracket into gauge 16 steel backing every 16". The weight limit applies between every 3 studs used (i.e. 3 stud gap before another load can be applied on the rail).

Fasteners required to mount to wall are not provided.

Extra shipping charges apply to rail system over 72" as special carrier is required.

Fairfield Rail System

Replace (X) with length by inch
Shipped fully assembled
with end caps

FRS-(XXX)

Extended profile for support on horizontal applications. Available to be fitted directly to the wall surface or paired with mounting hardware.

Part#	Part#
FRS-012	FRS-072
FRS-024	FRS-084
FRS-036	FRS-096
FRS-048	FRS-108
FRS-060	FRS-120

Max. load: 15 lb. ft. with typical mounting arrangement (2x 1/4" TEK fastener through the ARS/LRS/FRS bracket into gauge 16 steel backing every 16". The weight limit applies between every 3 studs used (i.e. 3 stud gap before another load can be applied on the rail).

Fasteners required to mount to wall are not provided.

Extra shipping charges apply to rail system over 72" as special carrier is required.

Extended Wall Mounting Bracket for Light Duty/Fairfield Rail System

FRS-E-WALL-BRKT

Extended wall mounting bracket for Light Duty/Fairfield Rail System, 2 brackets minimum per rail. Recommended a minimum of 1 bracket for every 16" length.

Part#

FRS-E-WALL-BRKT

Mounting hardware not included.

Direct Wall Mounting Bracket for Light Duty/Fairfield Rail System

FRS-D-WALL-BRKT

Direct wall mounting bracket for Light Duty/Fairfield rail system, 2 brackets minimum per rail. Recommended a minimum of 1 bracket for every 16" length.

Part#

FRS-D-WALL-BRKT

Mounting hardware not included.

Light Duty Rail System (Conversion)

Replace (X) with length by inch
Shipped fully assembled with
end caps and adapters

LRS-(XXX)-A

A - Amico Horizontal Rail

Simple and economical solution to convert Amico horizontal rail systems into light duty Fairfield rail system. Sold by foot length.

Part#	Part#
LRS-012-A	LRS-072-A
LRS-024-A	LRS-084-A
LRS-036-A	LRS-096-A
